

FM Global Fire Service Training Grant Program

FM Global Fire Service Training Grant Program

The new FM Global Fire Service Training Grant provides selected fire departments with realistic, hands-on training for fighting fire in commercial and industrial facilities. Participants will have the opportunity to learn from loss prevention experts, using state-of-the-art equipment, so that they can apply the knowledge afterwards within their jurisdiction.

Topics covered

- Fire protection systems
 - Automatic sprinkler systems basics
 - Inspecting, testing and maintaining systems
 - Fighting fire in sprinklered buildings
- Firefighting techniques over a wide range of industrial occupancies
 - Fire attack (sprinkler and non-sprinkler)
 - Electrical fire attack
 - Rooftop fire attack
 - Ignitable liquids/gases
- Prefire planning and the ICS
- Train the trainer takeaways

Where

FM Global's Emergency Response Consultants Training Center in Rome, Georgia.

Conducted by

FM Global engineers and Emergency Response Consultants training specialists.
