

# Protecting Your Property and Business:

## Getting the Most Out of Human Element Programmes

### Seminar date/location

**Date:** 20 February 2018

**Time:** 08:30 – 16:30

**Location:**

FM Global Sydney office  
Gateway Building  
Level 15  
1 Macquarie Place  
Circular Quay, Sydney

### An informative, one-day, basic level seminar

**P**rotecting Your Property and Business: Getting the Most Out of Human Element Programmes covers the key procedures needed to help prevent or limit property damage, and the resulting interruption to your business. These programmes include: Control of ignition sources; supervision of fire protection systems; managing contractors; maintenance of critical equipment and emergency response.

FM Global is committed to working with you to maintain business continuity. We do this by helping you understand the hazards and risks at your location that may lead to property damage or business interruption. This seminar is an excellent introduction to property loss prevention, and will help you work with FM Global and others at your location to prevent and minimise loss.

### This seminar will cover:

- The potential effects of inadequate human element programmes.
- How to set up human element programmes for your site.
- How to get buy-in to human element at all levels in your organisation.
- How to optimise use of resources, inside and outside your company, to ensure truly effective programmes.

### Who should attend?

- Loss Prevention Managers
- Site Services and Facilities Managers
- Environmental, Health and Safety Managers
- Maintenance Managers
- Anyone responsible for loss prevention programmes

**Note:** Companion Seminar “Controlling Hazards with Physical Protection” is on 21 February 2018. This second event complements the training of the first day. (Attendance of both seminars is recommended and reduced pricing applies).

Further information on this and other seminars can be found at [fmglobal.com/seminars](http://fmglobal.com/seminars).
